V. & T. Assessment in Ormsby County.

Mr. Yerington appeared before the Board of Equalization to-day to discuss the assessment of the V. & T. R. R. and showing that last year the railroad was assessed on the basis of the net profits of the year 1878, fixing the assessed value at \$25,000, and if the road is assessed this year on the same basis it ought to be placed at \$13,800, owing to the falling off of receipts and profits.

stood number two in the preliminary examination.

The streets are being thoroughly sprinkled by Mr. Haslund so that they will be in good condition for next week. If everything is not comfortable for our visitors it will not be Reno's fault for she is doing all she can to ensure a pleasant time to all.

On the peaks to the southward along the Sierra Nevada Mountains only two or three small patches of snow are now visible. These will be likely to remain until snow again falls.

The cold weather up North is having the effect of harrying stockmen out of the mountains to the milder climates State Fair Military Matters and the Carson "Kickers."

For the past two days the Carson Appeal and Times have been full of abuse against the State Fair because somthing hasn't gone to suit them about the military tournament. On behalf of the Society we make this, statement: The original intention was to have a review of the State Militia, and the Governor expressed his willingness ing eight companies and one battery of imagine. artillery, provided the Society would pay all expenses. Upon figuring on this proposition the expense was esticould not stand, the additional fact also hardship might be worked upon many will oblige of the men in Virginia, causing them to lose their positions in the mines. This scheme was abandoned. Then the Society offered \$150 in coin, and Mr. Stevenson a \$100 medal, for a competitive company. The Carson Guard was the only company which entered. There could be no competition about that, and, of course, some other attraction was looked out for. The Comstock boys wanted target shooting. So the Society offered the \$150 in two prizes of \$100 and \$50 for target shooting, six teams of 10 men each to compete. The Carson company authorized Capt. F. C. Lord to act for them, and he entered them, but as fsoon as they learned that none of the Virginia military companies intended to come to the Fair and drill, they withdrew their team from the shooting match, and Capt. Lord wrote the Society that their generous offer had to be declined, because only three teams would compete. The Society now offers \$100 in money for the Carson Guard to give an exhibition drill at the State Fair on Tuesday.
